

OUR ORGANISATION

Camcare is a community organisation of professionals and volunteers working together to help people in Boroondara when times are tough.

If life is overwhelming, Camcare is there. We provide wellbeing and support services, information and practical assistance, including food relief in a crisis, connecting to other services, or professional counselling for new parents, unsettled teenagers or vulnerable families. We go out to see people who need support in their homes.

And we create a welcoming community space at Camcare for people to meet and participate in activities – a place to belong.

Boroondara is an affluent community, yet there are people in distress and struggling on low incomes, facing rising costs of living, housing insecurity, unemployment, relationship conflict and loneliness.

For 40 years, professionals and volunteers from the local community have worked together at Camcare to help people manage these issues, and reduce the impact they have on their lives.

We offer flexible services in our local community including:

Referral information and advice; counselling and wellbeing services; outreach parent support and family services; intensive casework for those who are vulnerable due to mental health issues and experiencing hardship; material aid; food and programs like our community BBQ which provide social connection for people experiencing isolation and disadvantage.

OUR VISION

A fair and inclusive community

MISSION

We are an independent community service organisation committed to social justice, building individual and community wellbeing through advocacy and the provision of individualised services for people facing personal adversity.

VALUES

SOCIAL EQUITY

- » We facilitate social inclusion by promoting the rights of individuals to participate in the community
- » We prioritise service delivery according to need

RESPECT

- » We treat people with dignity and courtesy
- » We promote individual strengths
- » We value difference and diversity

CARE AND COMPASSION

- » We listen to all with empathy and understanding
- » We respond effectively and with care

WORKING TOGETHER

- » We work collaboratively towards shared goals and outcomes

ACCOUNTABILITY

- » We meet our commitments to our clients
- » We meet our responsibilities to our stakeholders

STRIVING FOR QUALITY

- » We are committed to improving our performance
- » We are proactive in recognising and addressing emerging needs

Acknowledgements: Camcare would like to thank the Board, Staff and Volunteers who contributed to this publication. Thanks to Drew Ryan who was the photographer for this report, drewryanphotography.com.au and Fiona Adams for the production of this report, fionaadams.com

Privacy: Camcare respects your privacy and complies with privacy laws. Our privacy policy, available on site and at camcare.org.au, sets out our responsibilities and your rights with regard to the collection, use and disclosure of your information.

Diversity: Camcare is committed to inclusive services for people from diverse cultures, including people of differing abilities and orientations. We respectfully acknowledge the history and cultural heritage of Aboriginal and Torres Strait Islander peoples, recognise the needs of all cultural and ethnic groups, and aim to embrace, celebrate and work with diversity in the community.

FROM THE PRESIDENT

As I conclude the final year of my term as President of the Board, in Camcare's milestone 40th year of service to the local community, I continue to marvel at the breadth, diversity and commitment of our small but potent organisation. We are rightly proud of our achievements and the strength of our community, built up over generations of effort and initiative.

But we must never lose sight of the disadvantage that many in our apparently affluent community experience daily. Though it may be invisible to some, we know that people of all walks of life in Boroondara and surrounding areas have difficult and sometimes overwhelming issues to confront and overcome. Camcare seeks to help many such people in our local area and to empower them to take control of the challenges they face.

Camcare also plays its part in the networks and partnerships among community organisations that work to prevent some of the worst of these social harms. For example, our organisation is a leader in the local family violence prevention network. As you will read in this report, our programs and activities are incredibly diverse and well-utilised. But we need to do more, much more.

To achieve that, we must be better known in the community. This will help us attract funds and support, and highlight the needs we are addressing. In 2016 we commissioned a review of our fundraising activities and opportunities, and we are moving ahead with implementing the recommendations.

We also need to expand the services we provide that raise revenue. To do this we are piloting a program to provide psychological services eligible for funding under the Medicare Benefits Schedule.

And while we plan for the future, the everyday work is done on the ground by our wonderful staff, paid and unpaid. They are an amazing, hard working team with unsurpassed knowledge and dedication.

Our work would not be possible without the support and participation of our members and funding partners, donors, corporate partners, and strategic allies. On behalf of Camcare, we thank you all.

And we thank especially our retiring Board members: Dr Jill Byron, Martin Vaughn, Margaret Adams, Jay Brinker, Ken Patterson and Dr Karen White.

At the AGM in 2015, two Board Members resigned, Dr Jill Byron and Martin Vaughn. Jill made a significant contribution as a member of the Finance Audit and Risk Management Committee and was instrumental in the introduction of a new financial system. She also served on the Marketing and Fundraising Committee. Martin served a second two year term as a Board Member, having previously been a Board Member from 2002-05. He brought his strong business acumen and local connections to the Marketing and Fundraising Committee.

Jay was appointed to the Board in 2014 and left us this year to take up an academic appointment at the University of Alberta, Canada. Jay brought special knowledge of the theory and practice of psychology and counselling and we wish her well as she returns to her home country.

Ken has been a tireless worker for Camcare for four years, especially as chair of the marketing and fundraising committee but in myriad other ways too. He has helped us in our strategic planning and thinking, and is now taking the opportunity to do a little more travel around Australia.

Margaret and Karen have served Camcare as outstanding board members for nine years, and in many other ways as well. They both have brought wide-ranging knowledge of our sector and our community, good judgment and an exceptional capacity for hard work.

Karen was a distinguished President for four years and has dedicated much of her 'spare' time to advancing Camcare's interests through committee leadership and participation, public and community relations, fundraising and planning.

Margaret's contribution to Camcare was recognised when she was awarded Citizen of the Year in 2015 for her commitment and advocacy helping older and less advantaged citizens in Boroondara. All four retiring members leave the board with our respect and admiration.

Camcare's 40 years have been years of service to community, of change and growth, of a few setbacks - but always driven by the goal of ensuring that everyone in Boroondara, and beyond, has a fair go and the opportunity to experience wellbeing.

GEOFF LAVENDER, PRESIDENT

FROM THE CEO

Camcare has had another busy and successful year with a focus on continuing service partnerships, identifying and responding to issues in the community and improving the quality of our services.

At the same time, we, like so many organisations in the sector, are positioning ourselves to meet the demand for more individualised service in an increasingly competitive marketplace.

We are grateful to the City of Boroondara for continuing to fund key well being services and to the Department of Health and Human Services for increased Family Services funding focused on families where family violence has occurred. We have also continued a range of partnerships and established new ones with local organisations, small businesses, churches and service clubs which have enabled Camcare to diversify our programs and respond to increasing demand for our services.

Camcare’s staff, including a strong volunteer cohort, have shown tireless dedication resulting in several new programs being delivered, including Building Bridges, an expansion of our successful Broadband for Seniors Program and a collaboration with Boroondara Youth Services to deliver a parent education program, Tuning into Teens. Bendigo Bank has also provided funds for a car which staff use to deliver outreach services to people in their homes and community venues.

In our 40th year of operation in Boroondara we have much to celebrate. However, to ensure we continue to thrive, more focus will be put on building our connections with a broader cross section of people and organisations, becoming better known in the community and recognised for what we do. We have recently obtained a comprehensive Fundraising Strategy which will drive diversification of our funding sources and we hope deliver discretionary income to support the work we do.

Our aim is to meet increasing costs of quality service delivery, develop new flexible business models and expand services to meet demand. There are two key areas Camcare has prioritised for service expansion to address community needs. One of these is financial literacy for women who have experienced family violence and financial control. Another is tailored services to support families from culturally and linguistically diverse communities, who are an increasing proportion of the Boroondara community.

I would like to thank the Board for their strong strategic governance and focus on ensuring Camcare is sustainable and can continue to support those who need it in the local community.

JANE BROADHEAD, CEO

ALEX MADSEN
Board member since 2015

Both Jill Byron (2014-15) and Martin Vaughn (second term 2013-15) resigned from the Board at the last AGM in October 2015.

OUR PARTNERS 2015-16

Camcare is appreciative of the support provided for our services in the community by donors, small businesses, service clubs, churches, schools and the Bendigo Bank. Your financial contribution has enabled Camcare to meet more of the high demand for our services and to establish new programs in response to needs in the community.

This year a Balwyn Rotary funded pilot project, Building Bridges, enabled us to form partnerships with local Indian organisations and consult the community about the challenges they face as immigrants settling in a new country and adjusting their parenting to reflect cross cultural expectations. Professional and parent information and education modules were developed and delivered on the basis of these consultations.

We have also had vital support from Grill'd for disadvantaged young people whose families are unable to meet the considerable costs of government education.

St John's Anglican Church has continued as our partner in funding and running a monthly community BBQ for people on low incomes experiencing social isolation.

Many local individuals, businesses and other organisations have contributed to Camcare's engagement and support for those in need in their community.

We would also like to acknowledge the core funding and access to office space provided by the Boroondara City Council. This has enabled Camcare to establish and deliver vital services for the people of Boroondara.

We have funding from the Department of Health and Human Services (DHHS) for delivery of Integrated Family Services and Access to Psychological Services (ATAPS) funding from the Department of Social Services (DSS) through the Eastern Primary Health Network.

Key service partnerships with Cairnmillar Institute, CISVIC for Emergency Relief and the Inner Eastern Integrated Family Services Alliance are important in extending our reach into the community, expertise and impact.

CORPORATE SERVICES REPORT 2015-16

It has been a busy year for Camcare's Corporate Services Team.

ACTIVITIES INCLUDED:

- » The installation of a new finance system, Xero, early in the year, replacing an old legacy system. The new system has greatly assisted Camcare in reporting financial performance on a per program basis and has helped improve budgeting and forecasting processes, the annual audit, and helped reduce data entry effort also.
- » Financial reporting has also been enhanced during the year, with improved reporting around forecasting, cash flow management and performance analysis, helping the Finance, Audit & Risk Committee and the Board make more informed decisions on current and future opportunities.
- » The upgrade of various IT hardware and software components to improve productivity and flexibility, and to better support users of our services.
- » Saying goodbye to four long serving Corporate Services team members, three of whom retired after a combined 22 years of dedicated service to Camcare. We wish them well in their future endeavours, and the baton has been well and truly passed to four new team members who have brought fresh ideas and enthusiasm to the Corporate Services team.

Financially, 2015/16 was a challenging year for Camcare, having recorded a deficit that was unfavourable against the budgeted deficit. However 2015/16 was a significant improvement upon the 2014/15 deficit, and the 2016/17 budget reflects a continued improvement of Camcare's financial performance based on core operations, whilst also incorporating a focused plan for investment in future growth opportunities.

Funding from the City of Boroondara, Department of Health & Human Services, and other funding bodies totalled \$1.22M. The City of Boroondara also contributed property services to the value of \$0.145M. Other sources of income included card shop sales, donations, fundraising and investment income.

Camcare's principal operating expense is staffing costs. Staffing levels and service performance targets are determined by the relevant agreements. Camcare operated within budget expectations for 2015/16 except for the card shop, which contributed a deficit, rather than the surplus that was budgeted, due to continued poor performance.

The card shop struggled to reach adequate sales targets for the second year in its new location near the Camberwell market, and unfortunately, after 35 years of operation, it closed its doors for the final time in January 2016. The challenge of making the card shop a viable retail operation proved too great within the current economic environment. We would like to thank and acknowledge all staff and volunteers, past and present, who contributed enormously to help make the card shop a success for so many years.

We also wish to thank the many volunteers who supported Camcare throughout the year, in reception, administration, the card shop, fundraising events and delivery of core services. The value of this contribution is estimated to be \$535,000. Another important contribution has been made by various donors of food, gardening, maintenance and other in-kind support which is valued at \$100,000. For example, St Hilary's Hope, Kew, supported by other Boroondara Churches, arranged a food drive and donated a very large quantity of non perishable food to Camcare.

OUR KEY ACHIEVEMENTS 2015-16

MAJOR ACHIEVEMENTS

KEY RESULT AREA (KRA) - EVIDENCE INFORMED AND EFFECTIVE

To deliver services that assist our clients to achieve the outcomes they seek

OBJECTIVE

Deliver a set of relevant, client focused services that are used and valued.

- » Established a pilot program with funding from Balwyn Rotary called Building Bridges, working in partnership with local Indian community organisations and Camberwell Primary School to provide culturally sensitive parenting programs for immigrants from the Indian sub continent, based on consultation, to address family conflict. Also provided teacher education regarding cultural perspectives and transition issues for Indian families whose children are attending schools.
- » Reduced funding for Emergency Relief has meant the need to build stronger relationships with churches in Boroondara who have funded the community BBQ, volunteered for the bread pick-up from two local bakeries (St John's Anglican Church, Camberwell) and run a successful Hope Community Food Drive to provide a range of non perishable food for distribution to people in need (St Hilarys in Kew and other local churches in Boroondara).
- » Provided some wellbeing services on outreach to Boroondara Council Youth Services and into older people's homes. Services to local youth have included training for one of our counsellors and a Boroondara Youth Services staff member in the Tuning into Teens parenting program, with a view to co-facilitating groups for parents of adolescents.
- » New recurrent DHHS funding has been allocated to Camcare in the Integrated Family Services Alliance to provide enhanced services to families impacted by family violence.
- » With funding from Bendigo Bank Camcare implemented a train-the-trainer program, *Love Bites*. This is an evaluated program for young people aged 15-17 years aimed at preventing Family Violence and Sexual Assault.

OBJECTIVE

Utilise relevant contemporary research and data to understand and respond to community issues and needs

- » Camcare CEO, staff and service recipients have participated in a range of community consultations and advisory groups including development of the City of Boroondara's Young People's Strategy and a project sponsored by the Department of Health and Human Services (DHHS) on Liveability in Ashburton and Balwyn.
- » Camcare senior staff participate in a range of service networks (state-wide, regional, sub-regional and local) that work with residents and community to identify needs, plan and coordinate service delivery.
- » Camcare continues to chair the Boroondara Family Violence Network which with Boroondara City Council, ran a highly successful community education program on White Ribbon Day with high profile keynote speaker, Rosie Batty. Students from several local secondary schools were among the large and diverse audience of 500.

OBJECTIVE

Have sound evidence to be able to demonstrate the impact and effectiveness of our services

- » Client feedback questionnaires were distributed to service recipients in most programs. Collated returns were analysed and reported in a quarterly report for managers and staff to consider. Program delivery is adjusted based on feedback.
- » Data is collated and reported about demographics of service recipients, service episodes provided, length of service, referrals in and out, and goals achieved. This enables monitoring of performance and is reviewed by managers and discussed in team meetings.
- » We have developed a Quality Improvement Plan on the basis of an external review against DHHS Standards by QIP and commenced improvements in policy, procedure and some areas of practice, e.g. knowledge management.

KRA - NURTURING

To maintain an inclusive, respectful and supportive organisational culture

OBJECTIVE

Encourage a culture of community involvement and secure improved participation and partnerships with key stakeholders

- » In the last external review conducted by QIP against the DHHS Registration standards in 2015, Camcare was commended by other network organisations for our contribution as a partner.
- » Highly valuable partnerships have been developed – e.g. Camberwell Rotary donated labour and materials to build a pergola at the rear of our Camberwell office which provides shelter for events including our community BBQ and weekly fresh food market.
- » Camcare celebrated Volunteer Week with a high tea for all our volunteers. Certificates of service were awarded to volunteers who have contributed 5, 10, 20 and, in one case, over 30 years of service.

OBJECTIVE

Ensure all staff and volunteers are skilled, motivated and supported

- » Our range of volunteer coordinators has expanded to include: Broadband for Seniors; Kitchen Garden, Garden Designfest, St Hilary's Hope Food Drive, Tax Help and Fresh Food Program.
- » The organisation has again attracted a number of students in counselling and psychology because of our reputation for a range of interesting work, positive culture and excellent support structures.

KRA - CONNECTED

To maintain an inclusive, respectful and supportive organisational culture

OBJECTIVE

Engage with clients, government and other stakeholders to promote our services

- » The first year of Camcare's new three year term Funding Deed with Boroondara Council commenced in 2015-16.
- » We have arranged for service recipients to participate in resident consultations for a project on liveability in Balwyn and Ashburton.
- » A joint Kitchen Garden committee of clients and volunteers has been established to take responsibility for the garden.
- » Camcare participated in local community events including the Boroondara Harvest Festival, Boroondara Volunteer Expo, Ashburton Festival and Camberwell Sunday Market.
- » Camcare collaborated with Headspace, Boroondara Council's 360 Youth Service, Inner East Community Health Service and Parentline in an evening forum for parents with adolescents - Safe Minds at Home Forum. Fifty parents attended the forum which showcased services available.

OBJECTIVE

Assist our clients and community to identify key issues for service development and advocacy with decision makers on at least two issues

- » Food insecurity – development in partnership with others of a range of programs designed to address the impact of funding cuts in Emergency Relief and involve clients and community members.

OBJECTIVE

Maintain strong, effective relationships with partner organisations for collaborative service delivery

- » Camcare has strengthened our relationships with key academic/training institutions such as Cairnmillar Institute, Swinburne and Monash Universities, enabling post graduate students to gain experience through our Wellbeing Services and Integrated Family Services Program.
- » Camcare is represented on the Eastern Region Executive of the Family Violence Partnership, Boroondara Early Years Advisory Committee, Boroondara Community Safety Network, School Focussed Youth Advisory Committee, the Boroondara Alliance of Service Providers and the Boroondara Housing and Homeless Network.

KRA - SUSTAINABLE

To ensure we have long-term funding and the required resources and infrastructure

OBJECTIVE

Maximise government and non government funding

- » Increase in recurrent funding for Family Services.
- » Pilot funding from Balwyn Rotary for Building Bridges.
- » Bendigo Bank funding for a car for our outreach services and practical sponsorship of a suite of new brochures promoting Camcare and our services.
- » Grill'd event to raise funds for disadvantaged young people to meet key education costs and ensure their continued participation at school.
- » Partnership with Swinburne University which delivered a second highly successful Trivia Event run by the Event Management students.

OBJECTIVE

Explore and promote opportunities for expansion of services consistent with the organisation's mission to enhance sustainability and gain efficiency of scale

- » The implementation of a new financial system has enabled enhanced financial reporting and monitoring by program.
- » Camcare has established new partnerships to explore need and deliver new services based on our core business and expertise, e.g. St Hilary's Hope food drive.
- » On the basis of a detailed business case, Camcare has begun a project to implement MBS funded psychological services predominately through the Better Access to Mental Health Care initiative.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CAMCARE INCORPORATED

REPORT ON THE SUMMARISED FINANCIAL REPORT

We have audited the accompanying summarised financial statements of Camcare Incorporated, comprising the summary statement of financial position as at 30 June 2016, the summary statement of profit or loss and other comprehensive income, the summary statement of changes in equity and the summary statement of cash flows for the year ended on that date, which was derived from the financial report of Camcare Incorporated for the year ended 30 June 2016. We expressed an unmodified opinion on that financial report in our report dated 28 September 2016.

The summary financial statements do not contain all the disclosures required by Australian Accounting Standards (including the Australian Accounting Interpretations) and the Associations Incorporation Reform Act 2012. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of Camcare Incorporated.

THE RESPONSIBILITY OF BOARD MEMBERS' FOR THE FINANCIAL REPORT

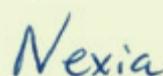

The Board of Camcare Incorporated is responsible for the preparation and fair presentation of the summarised financial statements in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Associations Incorporation Reform Act 2012.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the summarised financial statements based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements.

OPINION

In our opinion, the information reported in the summarised financial report is consistent, in all material respects, with the financial report from which it was derived. For a better understanding of the scope of our audit, this auditor's report should be read in conjunction with our audit report on the financial report.
